

## CompTIA Network+® Certification

*"I have been able to help the Network Administrator numerous times since receiving my CompTIA Network+ certification. My company is now requiring the rest of the Helpdesk staff to become certified."*  
 -- Devin Glenn, Computer/Network Technician

**CompTIA Network+ N10-006:** validates the knowledge and skills of networking professionals. It is an international, vendor-neutral certification that recognizes a technician's ability to describe the features and functions of networking components and to install, configure and troubleshoot basic networking hardware, protocols and services. Although not a prerequisite, it is recommended that CompTIA Network+ candidates have at least nine months of experience in network support or administration or adequate academic training, along with a CompTIA A+ certification.

The demand for skilled network support professionals continues to grow. Microsoft added CompTIA Network+ into their Microsoft Certified Systems Administrator (MCSA) program, and other corporations such as Novell, Cisco, HP, Lotus and 3Com also recognize CompTIA Network+ as part of their certification tracks.

### Course Costs & Information:

Cost: CI	<b>\$895.00</b> ✓ Textbook Cost & ✓ Certification Exam Fees ARE NOT Included	
Location:	<b>UCCI Computer Lab 3 (B-3)</b>	
Class Size:	Maximum	Minimum
	<b>12</b>	<b>8</b>

### Course Date and Time:

<b>Monday &amp; Wednesday</b>
<b>6:00 PM - 9:00 PM</b>
<b>Sep 18, 2017 – Dec 13, 2017</b>
